

Fairport Baptist Home

Fairport Baptist Homes Caring Ministries' mission is to create a flourishing residential community seeking to discover better ways to live and work together and by building upon the best of what we have already accomplished.

Fairport Baptist Home provides:

Assisted Living is a community of lovely, accessible "neighborhoods" in a home-like setting. There are 10-12 seniors per neighborhood that eat all their meals together in our family dining area. No long hallways, no hospital-style nursing stations. We gather in the kitchen, much like you do.

Skilled Nursing Care providing rehabilitation and comfort care in our 142-bed facility of accessible "neighborhoods" following our innovative household model, with its unique, home-like culture.

Independent Housing owns and manages a variety of Senior Housing Communities in Fairport: Fairport Apartments, Deland Acres, and ElizAl Court, together with the Perinton Churches Housing, Inc., the Fairport-Perinton Senior Living Council and Fairport Baptist Homes Community Ministries.

Rehabilitation makes the road to recovery shorter following surgery, knee or hip replacement. At Fairport Baptist Homes Rehabilitation we work to create an individualized plan to get you healthy, and home, faster.
